PARTNER ONE-PAGER

Refer a founder. Earn $500 per closed engagement.

You work alongside founders and operators. They face technology and operating decisions you are not positioned to answer.

Send them to someone who is. Rakia closes and delivers.

You earn $500 per closed engagement. That is a 20% rate against an industry standard of 5 to 15%, with zero delivery work beyond the introduction.

Three referrals a quarter is $6,000 a year in passive income.

How it works. Make the introduction. We take it from there. You are paid when the engagement closes.
